**Veilig Huis /
Safe Home**
(since 2023)

10 Safe Homes in Flanders

Why?

Why?

- **Because DV is a gigantic, persistent and dangerous problem**
 - Thousands of police reports and many (fatal) victims
 - Very high “dark number” and high recidivism
- **Because no child should grow up in fear**
 - Devastating impact on children
 - In 2/3 of families, underage children are involved (present, witness, victim)

Why?

- **Because no one should get lost in the system**
 - Victims are often exhausted, traumatized, and afraid
 - The safety and support landscape can be intimidating and feel like a maze
 - As a result, people do not take the step or drop out
- **Because collaboration saves lives**
 - Police, justice, and support services that work closely together can intervene and provide assistance more quickly and effectively

What?

What?

- Safe Home = **regional network organization**
- Encouraging, coordinating, and supporting **intersectoral cooperation** – under one roof
- **Integrated approach** to complex and serious DV cases that require multidisciplinary collaboration between police, justice, and support services

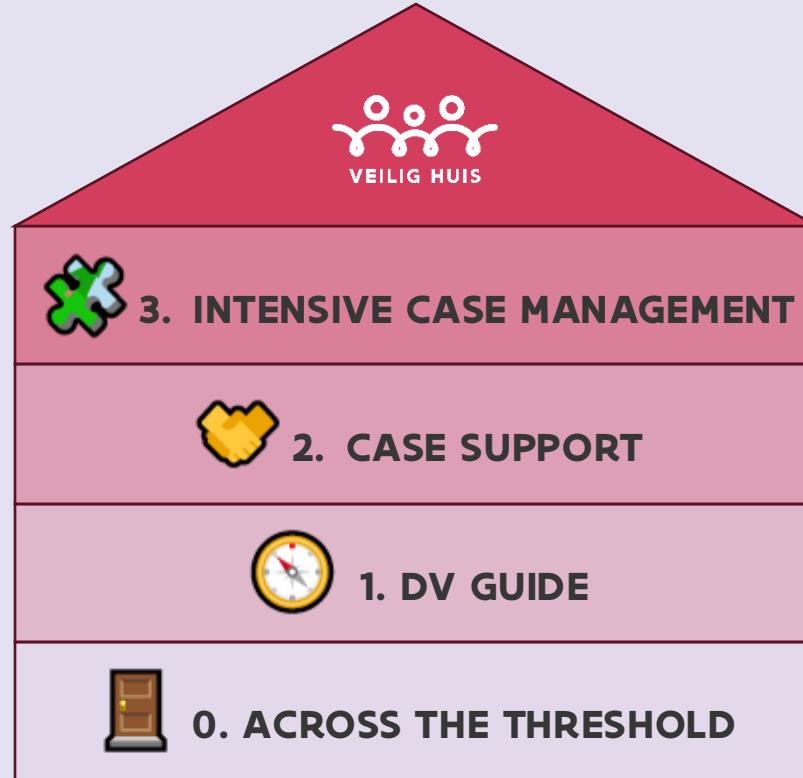

What?

- Before 2024: cooperation through **guidelines & protocols**
- **Decree** on the establishment and regulation of the Safe Homes (29 March 2024)
 - Establishment anchored in legislation
 - Objectives and tasks defined
 - Provision for case consultations
 - Provision for a framework on the processing of personal data

What?

- **4 tracks** within Safe Home

What?

- **Track 0: Across the threshold**
 - Peer support groups
 - Pilot projects, tailored to client needs, in collaboration with partners
- **Track 1: DV guide**
 - Consultation
 - For professionals
 - Anonymous

What?

■ **Track 2: Case support**

- Target group: families 'out of balance'
- Approach: short-term support and coordination, with a focus on safety and quickly initiating the right assistance
- Duration: 4 to 6 months
- Funding: local resources – 1 FTE per 50,000 inhabitants

What?

■ **Track 3: Intensive case management**

- Target group: structurally unsafe families
- Approach: long-term, persistent trajectory with intensive support and coordination of a joint action plan
- Duration: 12 to 18 months
- Funding: Flemish resources

How?

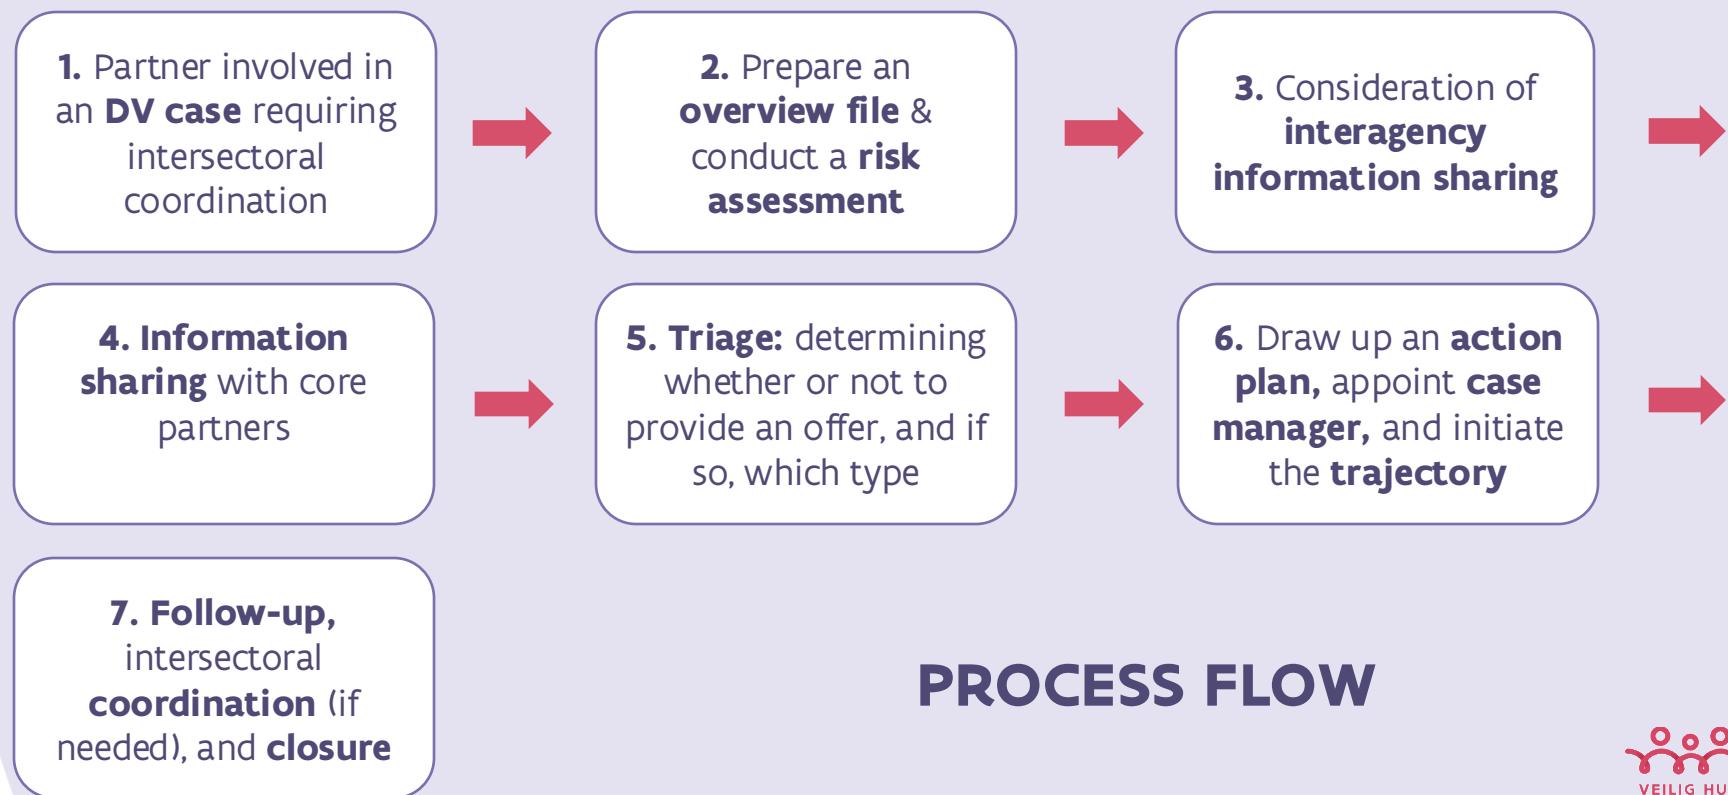

How?

- **This is how we work:**

- Together, integrated, coordinated, and tailored
- For and with the entire family, with special attention to the children
- Persistent, as short as possible and as long as necessary
- Taking into account gender, risk and protective factors, forms, profiles, and dynamics
- With expertise, evidence-based and innovative
- Aiming for sustainable safety and well-being

How?

How?

- **WIDA:** Safe Home case management system

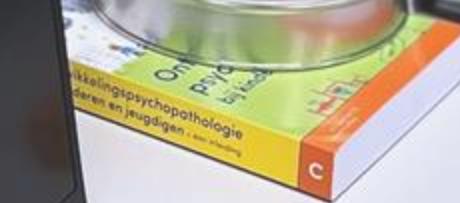

The screenshot shows a web-based case management system. At the top left is the logo of 'Vlaanderen Intra Familiaal Geweld'. At the top right is a user profile for 'JD John Doe'. The main title is 'IFG-DOSSIERBEHEERSYSTEEM'. Below it, a link 'Terug naar dossieroverzicht' and the dossier number 'Dossier LIMB6024'. A 'Dossieropbouw' section is on the right. A navigation bar below the title includes links for 'Persoonsgegevens', 'Situatiebeschrijving', 'Risico-inschatting', 'Weging', 'Infodeling', 'Casusoverleg', 'Plan van aanpak', and 'Uitvoering'. The 'Persoonsgegevens' section is active, showing the message 'Er zijn nog geen persoonsgegevens toegevoegd.' and a blue button '+ Persoon toevoegen'.

Who?

ZEET IK HET OF ZEG IK

VEILIG HUIS

How many?

How many?

- **Referred families**

- 2022: 1.971
- 2023: 2.467
- 2024: 3.001

- **Consults**

- 2022: 754
- 2023: 1.169
- 2024: 1.372

Challenges?

Challenges?

- **In the coming years, we will work together on:**
 - A strong structure and culture of cooperation
 - Full regional coverage across all areas
 - Extra attention and care for children
 - An easy-to-access system, starting from the client journey
 - Further development of expertise and specialization
 - Digital innovation
 - A scientifically grounded approach
